

## Best practice for steering

- ✔ Hold the steering wheel at the 10 to 2 or quarter to three position
- ✔ Feed the steering wheel through your hands, avoiding crossing your hands
- ✔ Look where you want to go as your hands will follow your eyes

## The Pull Push steering method

← **Turning left**

Your LEFT hand will go to the top of the steering wheel and pull down allowing the steering wheel to slide through your right hand

**Turning right** →

Your RIGHT hand will go to the top of the steering wheel and pull down allowing the steering wheel to slide through your left hand
